

ELECTRICIAN

CAREER SPECIALISATIONS FLOWCHART

School Entry Level
UEE22025 Certificate II in Electrotechnology *

School
Certificate III
Electrical Fitting
Electrotechnology Electrician
Mechanical Rail Signalling
Switch gear & Control gear
Electrical Machine Repair

Certificate IV
Electrical - Data and Voice Communications
Installation Inspection and Audits
Electrical - Instrumentation
Electrical - Air Conditioning Split systems
Electrotechnology - Systems Electrician
Electrical - Fire Protection Control Systems
Industrial Electronics and Control
Energy Management and Control
Electrical - Lift Systems
Electrical - Rail Signaling
Electrical - Renewable Energy
Electrical - Photovoltaic systems
Electrotechnology - Electrical Contracting

Diploma
Electrical - Data and Voice Communications
Installation Inspection and Audits
Electrical - Instrumentation
Electrical - Air Conditioning Split Systems
Electrotechnology - Systems Electrician
Electrical - Fire Protection Control Systems
Industrial Electronics and Control
Energy Management and Control

Advanced Diploma
Electrical - Engineering
Electrical Engineering - Coal Mining
Electrical Systems Engineering
Engineering - Explosion protection
Engineering Technology - Electrical
Engineering Technology - Renewable Energy
Industrial Electronics and Control Engineering
